Potentate's Message

Matt Wright

Hello Nobles and Ladies!

It's February, which means love is in the air, or at least it's supposed to be. I think they must have designated Valentine's Day in February due to it being so darn cold outside, and all that "lovey-dovey" stuff helps us keep each other warm; unless you're a greeting card vendor or a flower shop owner, then all the money you make during Valentine's helps to keep you warm! While Valentine's Day is primarily a "romantic" holiday, it's also a holiday about love, and if you take a moment to call a friend – just to make them smile, that love you're sharing will warm the both of you on the inside.

While Valentine's Day is known for flowers and greetings cards, it's also known for sweet treats and delicious desserts. Knowing that, the Dessert Auction on February 9th before the Stated meeting is a great place to pick up a..or multiple...exquisite desserts. Bring plenty of cash to increase your chances, with all proceeds benefitting the Almoners fund.

Call the front office, or sign up through the link in the Tattler, to make your reservations for the Stated Meeting meal.

January was jam packed with activities, predominantly in the form of Installations. Along with all the Divan Officers of Tripoli Temple being installed, many Shrine Clubs and Units, and the Tripoli Auxiliary also had their Officer Installations in January. Congratulations to all who took on the challenging role of leadership! For some, it's a road you've been on before and is well-traveled, but your commitment to the groups and the fraternity is continuously impressive and always appreciated!

Speaking of the Shrine Clubs and Units, a group meeting was held on January 29th for all the Shrine Club Presidents and the Unit heads, the Tattler Editor, the webmaster, and the Tripoli Auxiliary leadership. The purpose of the meeting was to bring together the leadership of Tripoli in one place at one time. Why? If we bring our minds, energy, and talents together to work on the perpetual problems that plague us all (membership, fundraising, relativity to the community), our results are bound to be incredibly better. Some great ideas were formulated and discussed, the next crucial step will be implementing the ideas, and for that we'll need everyone to keep an open mind and an adventurous spirit. Even if an idea or program was tried before and was unsuccessful, that doesn't mean it cannot be tried again; it could be fair to say, the reason the idea or program

wasn't successful the first time was due to it being met with immediate criticism and skepticism. I remember when the Feztival of Trees was first proposed to the Nobility, it also was met with criticism and skepticism; but Illustrious Sir Bob Capen never relented to assure everyone involved, "We can do this, all we need to do is try!" Last year the Feztival of Trees had another successful year, and that success was greatly attributed to everyone coming together, working hard and helping out wherever needed, or doing whatever they could. Kudo's to High Priest and Prophet Al Soriano for taking the leadership reigns while Ill. Sir Bob and Lady Jan were battling illness.

The Circus Committee continues to progress at making this year's circus a success. While attending the Installation of Officers at Medinah Shrine in Chicago, many Medinah Nobles asked about our circus, and all were tremendously happy to hear the circus will be back in Milwaukee this year. Every Tripoli Noble, lady, or family member can help make the circus a success. How can you do your part? Simply by talking about the great memories that have been had at the circus with everyone you know. Even in this age of digital technology, often the best advertising is 'word of mouth' advertising, because nothing replaces seeing the excited look on a persons face as they talk about their best memories of the circus. Thanks to Rick Loch, and the entire Circus Committee, for all the hard work being done.

Looking ahead at the upcoming weeks, the Midwest Shrine Association winter session in Green Bay is being held February 10th through the 12th. While the MSA Winter Session is fun, the MSA Summer session being held August 17th – 20th is an absolute blast! Please make plans to make the short trip to Green Bay and attend this great event.

To end, I'd like to address all the new Nobles who recently crossed the cold sands, and any Noble who is not a member of a Club or Unit. Get involved Nobles. Believe me when I say, I know there are A LOT of meetings involved in Masonry and all the appendant bodies! And I know some of you may feel like "All we do is work at the Shrine...", and while that's one perception, let me express the thought process behind the 'work'. If you love to take pictures, come be a member of the Photo Corps, and help us open the eyes of people who do not know who we are or what we do. Going to a parade or the circus and taking pictures of all the people we interact with, the smiles we bring to everyone we see – would that be considered work? Not if you love to take pictures. If you like to work with your hands, get that good feeling of accomplishment when a job is done well, appreciate a well thought out job to your ego every now-and-then, and like to party; then join the Directors Staff. If you don't like to hang around old farts who only talk about their latest ailments and how their most recent

medications bind them up, then join the Next-Gen unit. The Next-Gen have a blast just talking about us old farts – and yes, I include myself in the Old Farts group. If you like beer (and who doesn't), would like to hang out with other people who like beer, like to visit breweries, and perhaps would like to learn how to brew your own beer, or even submit your beer into competitions so others can appreciate your brew; then the Brew City Fez Heads is the Unit for you! If you like to work on computers, or sound systems, or lighting systems – let us know! We can put together a Tech Unit for all those Nobles who like technology – or more importantly, would like to learn more about technology.

I could go on and on, but what I'm truly hoping for, is you see the philosophy behind our "work"? As the old saying goes, "If you like what you do, you'll never work a day in your life." To that saying I would like to add, "If you like what you do, you'll never work a day in your life; but why work alone when you can work with a group of people who like the same work you do?" I may have met Nobles who have said, "I used to be part of 'this' or 'that' group...", but I have NEVER met a Noble who said, "I regret the day I got involved...."

Stay Safe,
Matt Wright

Calling all Ladies

Attention all ladies and daughters of nobles who are at events of Tripoli. Please join the "Snapshots" in capturing moments with your cameras and smart phones, through photos and videos. While the nobles are parading or doing something within the shrine, unit, club, alliances, you are the only ones that can capture that moment in pictures and videos necessary for that Tattler Magazine to market our Tripoli Shrine.

Picture taken at a parade just after it rained, by Jan Capen

We need to share our shrine with everyone. Please keep in mind, you do not need any other equipment besides your smartphone. Additional workshops available to refine your skills plus optional computer classes to follow.

LET'S HAVE FUN!
Please contact Ceil Klein

From the Editor's Desk

Thank to all the Nobles that were so patient with the photo shoots at the stated meeting.

It was nice to see all the presidents and unit heads at the meeting this last Saturday. I was able to speak to them on the importance of submitting articles. We need to spread the word and pictures of what is happening in Tripoli.

If anyone in the Shrindom wants to have a article or picture in this publication, submit it to the email below. An example is the article and picture of the Tip-Bell in FL, visited by Brian Graff. Thanks Brian.

Remember we need all flyers or anything larger than your article needs to be submitted on the first of the month for layout purposed and to get it approved by Divan.

Who is Jim Burton?

I was born in Milwaukee, WI on December 19, 1951, graduated from Wisconsin Lutheran High School in 1970. From the late 1960's into the early 1970's I worked in the food service from dishwasher to waiter at several restaurants, all at the same time, including Tripoli Country Club. I went to UWM Milwaukee College. Using my artist talent from High School, I then worked in the Auto Body Trades for 3 years. That led to employment to the U.S. Postal Service as a Clerk in 1973 then for 27 years as a Letter Carrier then as a supervisor for 16 years for a total of 44 years of service. On July 9, 1977 I was married at Whitefish Bay Methodist Church, which sadly ended in divorce in 1988. We had two children, Alicia and Courtney. I have three wonderful grandchildren, Isabella, Noelle and Lincoln. Bella and Noelle were born three days apart, and I lovingly call them my "twin" granddaughters.

What do you like about Milwaukee and what keeps you here?

My roots are here, my family and friends, and Milwaukee is known for our work ethics and family-inclusive activities. My parents taught me the following work efficacy: if I would end up digging ditches, to dig the best ditch possible, do the best job you can imagine doing; so I decided to become a Mason to be the best man I could be.

Who was your Masonic Sponsor and why did you become a Master Mason?

Mainly family influence through my mother, June Burton, "Sweetheart the Clown", a Charter Member of "LAFT" (Laughter and Fun Technicians) a Clown Alley, knew Ed Heffner, "Simbo" and Al LaVesser, "Herbie", both Tripoli Clowns. I was introduced to Tripoli when she brought Clown groups to the Circus and Family Nite. "Herbie's" other persona was Santa Claus with my mother as Mrs. Claus. When "Herbie" became ill, I ended up picking up his Santa Suit. Thus began my career as Santa. That is when I saw Ed Heffner mentoring Al LaVesser with the

"Little Blue Cipher Book". As I held all in high regard, after his death in 2004, I decided I needed to replace him as a Mason, Santa, and Shriner.

My mom owned "Clowns Around Town", a clown service with magic shows. The Houdini Magic Club held their annual event at the Humphrey Scottish Rite building.

The Scottish Rite would hold the Feast of the Pascal lamb, and I was invited when Al LaVesser was emorialized. I was moved by their impressive ritual work. These magnificent building were additional factors that led me to Masonry.

What is your favorite part of being a Shriner?

To me, being a Shriner is part of a Brotherhood that has a common goal which is the support of each other with family activities which in turn supports our Temple and Shrine Hospitals for Children.

What Units and Clubs interested you and which ones are you currently involved in?

My plan was to visit different units to see what might be of interest to me. My initial thought was to become a bagpipe playing Highlander; however, I first visited the Long Riders. While at their meeting they "volunteered" me to host an event, over and above my "protest" that I wasn't even a member of the group. Their response was, "It doesn't matter, and do you see anyone else jumping up to do this?" Actually the bike intrigued me as back in the day I would do a lot of recumbent bike riding and have completed many Centuries (100 miles). Even though the decision was made for me to be a member of the long bike group and Commander for nine years, it has proved to be a lot of fun with a real sense of camaraderie. Speaking of camaraderie, I joined the Directors Staff from the get go; as they are the first face a Mason encounters to become a Noble. "AAONMS"

Why did you accept the current position of Oriental Guide?

In my first elected Divan position, I feel it is my duty to attend Oriental Guide School in Tampa to learn and be a part of a group that is here to make a difference.

continued on next page

What are you most excited to accomplish in that position?

To further the goals of our leadership and keep the tradition of Shrine Masons continuing in Milwaukee.

Where do you see Tripoli Shrine in five years?

We have a fantastic windfall opportunity for us "ALL" to help Tripoli become Financially Viable. "EVERY ONE OF US" needs to jump on board the "Fiserv Bandwagon".

We must realize what we have here at Tripoli and how quickly we can lose what our Founding Fathers have created for future generations making Our Shrine become the best Temple that we have the ability to become. We need to become Financially Astute, so that we can still be around to support the Hospital.

What would you tell Masons and their Families about joining Tripoli?

When you are ready to have some fun in Masonry, with a purpose, you are ready to become a Shriner, the Mason's playground!

Describe Tripoli Shriners in five words?

I hope 2022 has been good to you and you are enjoying the beginning of the New Year. February is thought as the month of love with heart-shaped boxes of chocolates, fancy dinners, flowers and cards from loved ones expressing their love.

what God asks us to do. And He asks us to "... not love in word or talk but in deed and in truth." [1 John 3:18]

Let's celebrate the month of love by reaching out to all our Brothers and Sisters in friendship and finding ways to show that we care for them.

Blessings,
Chaplain Ron

I was talking to a good friend of mine and were talking about our young grandchildren. We talked about how much the toddlers loved trains, and how we were thinking of buying/making them a train set. How do we fall in love with them so quickly? Unconditional love - no need for presents, chocolates or flowers, in fact, sometimes they are difficult to love and yet, they melt our hearts. We want to give them the best of everything and make them happy.

This conversation started me thinking about God our Father. His love for us is unconditional. No matter what we say or do, He is always there for us. Throughout the Bible, we are told to love others as God loves us. In the Old and New Testaments, we are commanded to "love thy neighbor as thyself" and in 1 John 4:11 we hear "Beloved, if God so loved us, we ought also to love one another." He did not say, Love just those who are nice to you. In fact, Jesus said, "But I say to you, Love your enemies and pray for those who persecute you." [Matthew 5:44] It is harder to reach out and love those who disagree with us or have wronged us but that is

Greetings everyone.

The final numbers for last year were released during the Board of Governor's meeting, and things are looking up for the entire hospital system. People were extremely generous with their donations in 2021 and the total amount of donations received at the Twin Cities location so far (some numbers are still being calculated) was approximately \$3.8 million dollars. That's a phenomenal achievement for the hospital and the system as a whole.

While donations are great, finding more kids to care for is still of the utmost importance, and last year the efforts to find more patients paid off dramatically with 709 total referrals to the Twin Cities location, which resulted in 210 more patients being accepted than 2020. **While some nay-sayers may remind us that any numbers compared to 2020 could be considered trivial, since everything was closed down in 2020; the numbers from 2021 indicate operations are back to 2019 levels, and if take into account that 2021 started much like 2020 ended, the total numbers received from 2021 astounded every member of the Board because it exemplified and confirmed all the hard work, efforts, and dedication given by the hospital staff.** They are unquestionably committed to our Shrine kids and the Shriners healthcare philosophy and are the embodiment of providing "The Best Care Anywhere"!

Flipping the coin and mentioning the areas that need improvement, the Shriners healthcare system does need some improvements, that frankly, we as Shriners should be aware of so that we because after all....it's our hospital system. As mentioned in last month's report, the U.S. healthcare system as a whole is adapting to the demands of the market. Inpatient visits are dropping, and outpatient visits are increasing, an average of 2% each year. With this change in care, the 'systems' of healthcare facilities also need to change, and Shriners Children's is not excluded. Metrics seem to measure everything these days, and if your system only provides inpatient metrics, it's difficult for our doctors and administrators to measure outpatient performance and

quality. That's one of the current challenges facing our Shriners healthcare system. Thankfully, this topic was brought up last month during the Leadership Conference in Chicago, and most of our Administrators (the guys running our hospitals) believe the inpatient numbers they seek will be provided when Shriners Children's transitions to the MyCare portal. This hit home for me, because I use the MyChart app for my personal healthcare, which is part of the MyCare system.

Areas that need improvement "locally" are referrals. Shriners make up only a small percentage of people who refer patients to our hospitals – and that's system wide, not only in the Twin Cities. The easiest thing you can do to help is...talk to people! If you know any school nurses, talk to them about the great care Shriners Children's provides. If you have friends in a rural or low-income community, talk to them about Shriners care. The biggest battle we continuously fight is people NOT knowing about our hospitals or the care Shriners Children's provides.

Like everything, the process of getting kids into our system has changed from what it was 20 or 30 years ago, but the outcome has not! **If we can help a family – not just the child, but the entire family – receive world renowned care, that should be the primary focus. If getting that care from Shriners reduces the risk of the family losing their home or becoming overburdened with financial stress, because the care they receive is free or Shriners will pay their huge insurance deductible, that should be considered the icing on the cake.** True, it would be easier if we could still claim, "We provide free healthcare to children.", especially during this time when everyone wants everything for free. Take into consideration though, being able to make that claim changed more than a decade ago (2009). Now, if we remain focused on the care, instead of how it's being paid for, referring patients should still be an easy task. It's certainly important enough to stay vigilant.

Giant bell salvaged by Gaspar's Grotto rings up donations for Shriners!

The term "tip-jar bell" seems to denote delicate tinkling chimes, like an angel earning its wings in *It's a Wonderful Life*. But the peal of the hefty, 740 pound, cast-iron bell hanging behind the bar at Gaspar's Grotto in Ybor City, FL is something you feel in your fillings. Made in the 1880s, the former church bell occupies a place of pride behind the E Seventh Avenue bar. Add in its iron suspension and wheel, and you're talking half a ton of ding-dong.

The bell is rung by bar staff with a quick tug on the toller, a hammer that strikes the bell. Much more satisfying for patrons, however, is when they get to tug on a length of

thick rope that tilts the 34-inch bell so it strikes the clapper.

The bar uses the lure of ringing the bell to raise funds for Eric Schiller's favorite charity, the Shriners Hospitals for Children.

Patrons can earn the right to sound the bell if they make a donation to the hospital. The donations are collected in a fez.

The bell was built in a Cincinnati foundry for a south central Indiana church. There it summoned worshipers to Sunday services for almost 70 years before the church was demolished. It was purchased in the 1960s by a farmer in Spencer, In. He left it outside a barn where it lay until 2015, when Schiller purchased it for \$500. It needed a lot of love and care to get it back to working order. The owner of the bar, Eric Schiller looked far and wide to find missing parts. Those he couldn't find had to be made, including a new clapper that was cast by a Tennessee foundry. The bell had to be sandblasted and powder-coated to restore its bronze-like finish.

Photo by: Brian Graff when visiting Tampa. "Went out for dinner to find this and yes there was a lot of ringing of that World's Largest tip bell for Shriners Hospitals for Children".

Legion of Honor

Since this article is due on the day of the Legion of Honor Christmas party, I can only say one of two things. It was a great time and those who attended had enjoyed good food and warm comradeship, or due to the weather the party was cancelled. Hopefully it was the first statement. Our February meeting will be on the 21st at 7pm in our room at Tripoli Center. In my usual closing, if you have a DD-214, please join us. One additional note which I forgot to mention in my last article, the final score of the Army Navy football game was Navy 17 Army 13.

Fiserv Forum 2021 Recap

Well, I fell into a huge fundraiser for Tripoli while drinking a beer last summer. During the Bucks Playoff Series, we had 88 volunteers from June 10 – July 20, 2021, people step-up the help us and many were non-members. Over these 12 dates last summer we received a check for **\$159,620.47** for our fundraising volunteerism. This has been an enormous boost to the financial stability of Tripoli Shrine.

Since August 10th, Tripoli Shrine has continued to provide volunteers for Levy Foodservice selling concessions at the Fiserv Forum. By the end of the year, we had 27 more dates that we volunteered. We received checks for 20 of those dates totaling **\$40,256.58 with 139 shifts worked**. That is an average of **\$289.62 per person**. Since 1/1/2022 we have had 7 dates and we can expect about an additional **\$15,182.15 to come to Tripoli Shrine**. As you can see this is a great money maker and that is why we have kept this going.

In the future, we are commitment to provide a minimum of 7 volunteers per Milwaukee Bucks home game. We meet at Tripoli 3 hours before the Tip-off of the game, so the shift is about 5 ½ hours. You will be on your feet most of the night. **We work two pizza booths selling pizza, soda, and beer. We enter the order and hand them the food. That's it. It is extremely easy.** The more we sell the more money we make. Please look for the ads in the Tattler for the dates help is needed.

To the right is a list of volunteers, with the number of shifts worked, who put in their time from August through the end of the year. Once again **THANK YOU** to everyone who helped with this awesome opportunity. While it is a lot of work, none of this could have happened if you didn't Believe.
